Forty Thousand Voters for Sale, But

the State Democratic at

the Core.

The Republicans Collecting a Boodle

to Rake in the Big Pot

To-morrow.

A Harrowing Picture of Fraud for Our

Patriotic Citizens to

Gaze Upon.

Seating a State.

INDIANAPOLIS, Nov. 3.—"Mentor" the Indiana correspondent of the Chicago Herald says: "Many citizens of other parts of the union have read with incredulity the published accounts of the traffic in votes in this state in 1880. But all such accounts are worthy of credence. Indiana was purchased outright by Dorsey and his agents. Republicans here do not deny it. It is refreshing to spend an hour with a sharp-witted, graphic-speaking gentleman, then as now active in republican management, and to listen to his description of the manner in which they won the day for Garfield.

"While there is so much constancy in the voters of both parties, there is a class of men, constantly growing larger, who are termed 'floaters.' These are not the men who are affected by issues or prejudices. Their doubtfulness does not come from wavering determination. They are purchasable. 'You would be shocked,' said the republican committeeman alluded to above, 'to go over our poll sheets. The floaters are gaining in number from year to year. I don't know what we are coming to. Now, look at poll sheet for a precinct up in Elkhart county. This sheet will show how we do business down in Indiana. Notice that our poll, as taken carefully by precinct, shows total number of voters, number of sure democrats, number of sure republicans, number of Germans, number of Irish, number of colored men, number of prohibitionists, number of greenbackers and number of floaters. There are also doubtful prohibitionists and doubtful greenbackers, though not many. Our work from this out will be devoted exclusively to the floaters. You know that is what we call the mercenary element. It makes me blush for my state to say it, but there are 50,000 of these floaters in this state. Our poll shows a little more than 50,000. The number is greater than it ever was before. It seems to be increasing all the while. Now, in this poll sheet I just showed you there are seventy-three put down as floaters, twenty more than on the previous poll. See what the committeeman adds under the head of remarks at the bottom: 'I am convinced that the floaters are more numerous than the poll shows; perhaps 200 in the precincts.' There are only 1,500 voters there, all told.

"This is the way it goes throughout the state. On an average there are more than five hundred floaters in each county, about twenty-five to each election precinct. There is no excuse for a poll-taker putting a doubtful man down as a floater, or a floater down as doubtful. What kind of men are these floaters? All kinds. You would be astounded to see some men in this state sell their votes. It is not confined to the poor nor to the cities. There are fully as many in the small towns and in the country. I could name you in five minutes, a dozen men worth \$20,000 to \$50,000 who are down on our poll-sheets as for sale for \$10. Four years ago when I went home just before the election, they were waiting for me. My office fronts on the court house square in my town. When I arrived there I found 300 men congregated in the square, all waiting money. There was one rich old farmer who took me to one side and asked for \$10. It made me so mad I kicked him out of my office. There is one precinct in this state, or rather one township divided into two precincts, where 40 per cent. of the voters are floaters. Not less than \$2,000 will be needed in that one township and that won't be enough.

"This state of affairs is not confined to any race or element. The Germans have fewer floaters and more honestly doubtful than any other nationality. The colored people are the worst. You see that darkey out there in the hall. He has been here an hour, waiting to see our Mr. Adams. He is a republican, and ought not to cost us a cent. But he swears if he isn't fixed he'll vote for Cleveland. Nearly all of the colored voters are in the same situation. I believe 60 per cent. of the colored voters are in the floaters list.

"Then, winning the fight depends upon the amount of money you have to put out."

"I am sorry to say that is the fact. The national committee has done little for us so far. We have done our work and I don't believe they will leave us in the lurch. We must have about half of the floaters. We know just what we have got to do and where to get them. But we can't do the work and raise the money, too.

"In polling these floaters the democrats have discovered only 30,000. As this committeeman says, the republican poll shows 50,000. There is no doubt in my mind that the only accurate poll of the state taken this year was taken by the republicans. It shows the state for Blaine by a small plurality of the honest vote. More than 60 per cent. of the mercenary vote is naturally democratic and comes in that way in the poll, the floaters being classed as 'dem.' or 'rep.' according as they would vote if there were no money influences. This shows why the state goes democratic in off years, when the committees have no boodle and no sugar is looked for by the floaters. The democrats are evidently relying upon the virtue of nearly 20,000 of their voters whom the republicans put down as for sale. If there are 20,000 democrats whom the democratic managers rely upon, but who are to be manipulated by the republicans, and if the democrats continue their confidence and the republicans get all the money they need between this and Tuesday night, it would be easy to predict the result. It would be 1880 over again.

"The situation in a nutshell is that Indiana would go for Cleveland by from 5,000 to 10,000 majority were its voters left to themselves. The republicans are trying to buy enough of the purchasable votes and the democrats are seeking to prevent the sale of their own men and to gather in a goodly share of the floaters, contingent, naturally belonging to Blaine. Though the electoral votes of Indiana, by virtue of the sentiment of the voters of the state, belong to Cleveland, there is great danger that he will not get them."

**MOVE ON TO VICTORY.**

This is the last issue of THE SENTINEL before the election and when it greets its readers again the contest will be settled. Every democrat should go to the polls and stay all day. Every one who wants reform, low taxes and better times should work for the success of democracy. The republicans have been in power twenty-five years and we find starting workmen everywhere. Isn't it time for a change, time for a new lease of life, time to give monopolists and treasury leeches a set back? If it is vote the democratic ticket. The Democratic standard bearer is

**GROVER CLEVELAND,** the reform governor of New York. He is likened to Andrew Jackson and his administration in the Empire state has been characterized with a Jacksonian fairness, firmness and frankness. The candidate for vice president is

**THOMAS A. HENDRICKS,** Indiana's favorite son, and a statesman second to none in the nation. The principles of the democratic party can be entrusted to these gentlemen and with their election now a certainty no democrat must desert the old party and no thinking man can fail to see his best interests in its success.

**THE STATE TICKET**

commends itself to every voter, and the triumph of Hon. Isaac P. Gray, Gen. M. D. Manson, as well as the other democratic candidates now before the public for their suffrage, means that the offices of the great commonwealth of Indiana will be managed in an economical, business-like manner with an eye singly to the best interests of the people. The character of the men on the national and state tickets insures the hearty support of all democrats, and thinking, independent voters recognize their worth and will likewise warmly espouse their cause. It is the local ticket that suffers at the hands of the scoundrels. Certainly, no man will vote against Judge Robert Lowry, the candidate for congress, or against Hon. Eli W. Brown, the candidate for joint representative. Both gentlemen have attested their worth and ability to intelligently and creditably represent the people of the Twelfth district and the senatorial union of Allen and Whitley counties. Therefore, they deserve public approval.

**THE NEXT REPRESENTATIVE**

is to choose a United States senator, and vote on the constitutional convention question proposed by the republicans. The democratic candidates are Fred J. Hayden, Dr. J. D. McHenry and Albert W. Brooks. In their hands the trusts named can be safely placed and voters can depend on it that their votes will be in accordance with the principles of the democratic party and for the welfare of a varied and sturdy constituency.

**JUDGE SAMUEL M. HENCH**

is the democratic candidate for judge of the superior court. Judge Hensch has filled to perfection every public trust imposed on him. He has the confidence of the people and with that confidence and his indomitable spirit to surmount all obstacles, he will grace the superior court bench and will yet reach a high place in the judiciary of the state.

**C. M. DAWSON,**

the "Little Giant," is personally popular and his splendid administration of the office of prosecuting attorney has en-

deared him to the law abiding community, made him a terror to criminals and a barrier against evil. Under his administration no guilty man escaped and no innocent man was hampered.

**JOHN DALMAN**

has conducted the office of county treasurer in a systematic, business-like way and has earned for himself a re-election. Thoroughly honest, painstaking and accommodating he has won the esteem of all.

**DEGROFF NELSON**

is the magnet of the local ticket. He is warm hearted, honest and thoroughly reliable. Mr. Nelson was nominated when away from the convention, is in every way fitted for the important office of sheriff and will be the people's servant. He knows every corner of the county, every person in it and his skill in criminal work will insure the people of Allen county immunity from rascals, thieves and murderers. DeGroff will always have a kind word for every one, always strive to serve his people and his election will be the triumph of a poor man.

**DR. J. M. DINKEN**

is the democratic aspirant for coroner, and THE SENTINEL knows the office will be safe in his hands. He is a young physician, tried and not found wanting. He is the present acting coroner and certainly deserves the popularity and distinction he enjoys.

**OSCHERS BIRD WILEY**

aspires to be county surveyor and a better, more capable and honorable young man never sought the position. Mr. Wiley was born here, has been among us from his childhood. We know him to be honest; we know him to be capable; we know him to be reliable, and know that the fact of his not being opposed for the place is the best evidence of his popularity and worth.

**COUNTY COMMISSIONERS.**

Jerme D. Glynd and John H. Brauman aspire to the position. They are worthy, upright and thorough business men in whose hands the affairs of this growing county can safely be placed. Mr. Glynd has served a term and served it well. He is now president of the board and thoroughly competent. John H. Brauman is a successful business man. The same energy that characterized his mercantile work will characterize his official labor and he will be an honor to the board of commissioners from any survey of the position.

**LOCAL NEWS.**

The instructions for confirmation in the Lutheran churches begin to-morrow. Chairman Wigton, of the Lagrange county democratic central committee, is in the city.

Hon. R. C. Bell made a short address at Arion hall last night on the tenth anniversary of the society.

Valentine Workman had his right hand smashed in the Pittsburg freight office to-day. A piece of steel fell on it. A lady left her child in the Pittsburg freight office and Mrs. George Fickel cares for the wail, who is probably abandoned.

The democracy of the Eighth ward will have a meeting at Wenzler's, on Manne avenue, this evening. Speeches will be made by W. P. Ryson and Anselm Fuelber.

A large number of the Cleveland visitors attended Trinity Episcopal church yesterday, and listened to an eloquent sermon by the rector, Rev. W. N. Webb.

There will be a democratic meeting at Anderson's hall to-night. Henry Colerick and Dr. Carl Proegler will speak. The people of the Fourth and Fifth wards are invited to attend.

The services at the Cathedral yesterday were grand and impressive. Rt. Rev. Bishop Dwenger celebrated pontifical high mass and a splendid sermon was preached. About seventy-five of the Cleveland visitors were present.

The secretary of the Allen county licensed liquor dealers association requests every saloon keeper to close his place of business on to-morrow, Tuesday, November 4th, from six o'clock in the morning until six o'clock in the evening. Elsewhere in this paper will be found the mayor's proclamation.

Judge Hensch received a telegram from Spencerville this forenoon, stating that about twenty-five republican ex soldiers wanted him to address them at that point. The judge started for there at once. The judge is an old soldier and a member of the G. A. R.

A clerk employed in the Pittsburg railroad office went about the town Saturday night insulting German democrats by stating that "in Germany men hitched their wives to carts." A prominent young German resented the insult and was beaten by a party of republicans who protected the incriminated Pittsburg official.

Governor Cleveland at Home.

BUFFALO, N. Y., Nov. 3.—Governor Cleveland arrived here this morning at 7:35, accompanied by his friend, E. D. Tutthill, of the Tift house, and Tutthill's nephew. The governor declined the use of Tutthill's carriage and quietly strolled to his usual breakfasting restaurant, where, after partaking of a hearty meal, he repaired to his rooms over his office and later, about 10 o'clock, was at his desk in his law office. It was expected the governor would arrive this afternoon and preparations were made to give him a reception. About 11 o'clock he left his office and strolled leisurely to the Tift house. He was attired in a handsome suit of black broadcloth and appeared in the very best health and in excellent spirits. He frequently stopped on the sidewalk to chat familiarly for a moment or two with some friends. An Associated Press reporter interviewed him and in answer to questions as to his health he said: "I am in most excellent health and more than pleased to be at my old home again." He stated that the most cheering news came to him from every quarter and the prospects of the success of the democratic ticket he considered first rate. In answer to what he thought about the state of New York he declined to give an opinion and referred the interviewer to Mr. McCune who he said could better answer that question than himself. The governor did not seem to be desirous of continuing the subject of the coming election. He will probably remain here until Tuesday noon and will vote at his old polling place in the Ninth ward, probably early in the morning.

**Another Forgery.**

New York, Nov. 3.—(Special.) The following dispatch has been sent from national democratic headquarters to the chairman of each democratic state committee:

New York, Nov. 2, 1884.

Our attention has been called to a forged telegram purporting to have been sent by the chairman of this committee saying that the result of the presidential election depends upon the vote of Ohio. On the contrary this committee has never claimed or relied upon the vote of Ohio and if that vote be cast for Cleveland and Hendricks, as it may be, it will only go to swell the majority of electoral votes for our candidates. Our advice from all quarters are entirely satisfactory and our opponents, forced to the defensive in localities heretofore strongly republican, are unable to effectually concentrate upon a line of battle. Patronage and corruption they have unblushingly proclaimed will win but the voters of the United States cannot be bought. The great popular demonstrations in favor of Cleveland and Hendricks have surpassed all expectations and precedents. This committee confidentially assures you there will be cast for Cleveland and Hendricks the electoral votes of New York, Indiana, New Jersey and Connecticut, to which we believe there will be added those of at least three other northern states as well as those of all the southern states. We ask you to make your final and decisive effort with earnest emulation to place your state high in the list of states contributing to the people's triumph. A. P. GORMAN, Chairman National Democratic Executive Committee.

**HOW THEY ARE BETTING.**

New York, Nov. 3, 1884.

The Blaine headquarters are making desperate efforts to repair the injury done their cause by the Blaine-Burchard "Rum, Romanism and Rebellion" brutality. They have been in the neighborhood of Catholic churches, on street cars and ferry boats distributing apologetic circulars which fail no one as they fail to explain why Blaine approved what Burchard said. Blaine's reply to Burchard was very explicit as reported in the New York Tribune of Thursday. He thanked Burchard warmly and said, "I know and realize the full weight of that which you say to me and of that which you tender to me." The whole context of his careful reply shows that Blaine understood and accepted the Burchard policy and that he only attempts to deny it now because of the harm it has done to his campaign.

In this effort, however, he is utterly unsuccessful, as the Catholics are unable to see any merit in his abandonment of the religion of his mother. Their management of this adds one more to the list of gross blunders of Blaine's campaign. The city is for Cleveland. For Blaine there is only chain music. Gould's agents pretended to offer Saturday odds in large sums and got up a bogus dispatch about it. Hon. Benjamin Wood, sent \$10,000 down to Wall street in quest of these bets, but without success. The republican better like, the disaffected Irish democrat living always a little further on. At the Hoffman house \$10,000 was bet against \$5,000 that Cleveland would carry New York state by 100,000 plurality. It has an even bet on 80,000 in the state and several of ten to seven and ten to six that Cleveland would carry the state. Chairman Gorman said last night in allusion to the Blaine lies about democratic deals that all democratic organizations were absolutely united for Cleveland and engaged in a generous rivalry as to which should do the most.

**The Times on the Election.**

LONDON, Nov. 3.—The Times this morning devotes a leader to the political contest in America in the course of which it says although the number of votes polled to-morrow will probably exceed those polled at any previous contest, nevertheless it would not be rash to say that a vast majority of Americans regard the issue with indifference and foreigners still less, who have reason to feel a keen interest in the campaign which has been almost exclusively managed by experienced and adroit professional politicians. To them alone the result will bring exultation or disappointment. The most satisfactory feature of the whole campaign is the failure of all attempts to revivify for party purposes the sectional jealousies of the north and south.

**Blaine Going Home.**

New Haven, Conn., Nov. 3.—Blaine left New York this morning on the regular train for Springfield. From Springfield he will go by special to Boston, making a short stop at Worcester.

**Attention, Jeffersonians.**

All members of the Jeffersonian club are requested to meet at democratic headquarters this Monday evening at 7:30 o'clock.

**C. A. MUNSON,**

Captain.

The democratic campaign in this county closed Saturday night in splendid shape. At Monroeville C. M. Dawson and J. M. Barrett spoke and reviewed a torchlight and cavalry procession seven squares long. It was the biggest rally in the history of Monroe township. Judge J. M. Hensch addressed a monster meeting at Hoagland, M. V. B. Spencer and J. M. Robinson spoke at Lake Center and W. H. Shambaugh and Dr. J. D. McHenry made speeches at Maple. Allen county was never better organized than to-day and good returns will come in Tuesday night.

Rev. John W. Brown, D. D., rector of the largest and most influential church in Buffalo writes to a gentleman in this city, under date of Oct. 25th: "I believe Mr. Cleveland to be infinitely slandered and citizens of Buffalo of the highest social and religious position hold him in high regard. I believe that more than half of our clergy will vote for him among whom is yours most truly, JOHN W. BROWN."

Dr. W. H. Myers was at Lagrange to-day on professional business. The republicans had a gallows and were hanging Mr. Cleveland in effigy. They also had a man attired in the clothes of a woman to run about the village as Maria Halpin, the prostitute. These orgies are a disgrace to Lagrange and more of a disgrace to the party that countenances them.

The significant smile of Blaine in approval of the "Rev." Burchard's idea that he represented opposition to "Romanism" was tame when viewed with Blaine's utter refusal to witness the burial of his own mother because the ceremony was to be conducted by the church (Catholic) of her adoption.

in the township sixty days, and in the

Wednesday THE SENTINEL will pub-  
lish an edition every hour after one  
o'clock. The election returns come to this  
journal through the Associated Press

"Young Mrs. Winthrop," the char-  
ming and beautiful drama which appears  
at the Academy next Wednesday even-  
ing, commends itself to the public in the  
fact that it does not contain a word or  
suggestion which savors in the least of  
impropriety. It maintains the same  
high standard which the Madison Square  
Theatre and its plays have always en-  
joyed.

Tax Knights of Labor, Alpha Assem-  
bly, No. 1,712, Indianapolis, has issued  
an official circular under the seal of the  
order which has been mailed to every  
Assembly in the State. The circular is  
to the effect that Rodger R. Shiel, re-  
publican candidate for treasurer of state,  
has caused to be forged a set of resolu-  
tions purporting to have been unani-  
mously adopted by Armstrong Assembly,  
No. 2,212, in which the Knights of Labor  
preferred charges against Mr. Shiel's  
opponent. The circular states that these  
resolutions are a forgery and that  
they were never offered or adopted, and  
that the charges contained therein were  
false in that Mr. Cooper had proven per-  
affidavit that he had nothing whatever  
to do in the transactions referred to.  
The circular further states that it is the  
work of Rodger R. Shiel, and it earnestly  
appeals to all Knights of Labor to  
double their efforts to rebuke the man  
who has misrepresented their noble  
order.

Woman's best friend for relieving the  
many pains and weaknesses incidental  
to female life, and one that gives ray  
cheeks, brightens the eyes, checks every  
unnatural drain and creates a perfect  
picture of health and beauty, is Dr.  
Gusset's Yellow dock and sarsaparilla.  
It purifies the blood, strengthens the  
female system, and removes all feeling  
of languor, distress, pimples, sores and  
weakness, producing dreamless sleep  
and painless regularity of natural  
functions.

## THE CLOSING RALLY.

Hon. Joseph E. McDonald Treasurer of a  
Grand Oration—The Cleveland  
Business Men Green a  
'Hearty Wel-  
come.

The state campaign closed Saturday  
night and closed here under the most  
favorable auspices. Hon. Joseph E.  
McDonald addressed a monster assembly  
and the sturdy old statesman ventilated  
the hypocrisy of republicanism and the  
need of a change in governmental af-  
fairs to bring about reform and better  
times throughout the nation. The  
gentleman was cheered at every sentence.  
While speaking, the parade stopped in  
front of the Academy and the Business  
Men's club of Cleveland, Ohio, wearing  
silk hats and satin badges, forced their  
way into the Academy. This was the  
signal for an outburst of applause and  
the enthusiasm knew no bounds. After  
Mr. McDonald closed, Hon. R. C. Bell  
introduced several Cleveland gentlemen  
and they made ringing speeches.

The evening parade was not the larg-  
est of the campaign, but certainly the  
most notable. The Cleveland visitors,  
led by their band of nineteen pieces and  
the Fort Wayne commanders, and fol-  
lowed by the Jeffersonians and uni-  
formed first voters, pursued the line of  
march mapped out Saturday. All along  
it the residences were illuminated and  
the red lights made the  
Cleveland clubs looked gorgeous and so  
did the Jeffersonians and first voters.  
The visitors remained here until 2 o'clock  
yesterday and were escorted to the Nickel  
Plate depot by 500 citizens. The train  
pulled out amid a perfect ovation and an  
invitation to Fort Wayne democrats to  
visit Cleveland next Saturday if Grover  
Cleveland is elected. A big party is go-  
ing.

The Voice of the People.

The people, as a whole, seldom make  
mistakes, and the unanimous voice of  
praise which comes from those who have  
used Hood's Sarsaparilla fully justifies  
the claims of the proprietors of this great  
medicine. Indeed, these very claims are  
based entirely on what the people say  
Hood's Sarsaparilla has done. Send to  
C. I. Hood & Co., Lowell, Mass., for a  
book containing statement of many cases.

SCHIEFER'S rule is a fit specimen of  
republican administration. From the  
lowest to the highest office they pander  
to the criminal element.

Straw hats and linen dusters will not be so very popular as heretofore. Dr. Bull's Cough Syrup, however, will be as popular as ever.

**Beware of fraudulent tickets.**

Next to a clear conscience, for sound comfort, give a man a pair of easy shoes and a bottle of St. Jacobs Oil for the rheumatism.

Let the polls be carefully guarded.

Pure blood is absolutely necessary in order to enjoy perfect health. Hood's Sarsaparilla purifies the blood and strengthens the system.

Cross up the lines and push forward to victory.

The hardest apprenticeship in the world is to learn how to get along without work. The next most difficult is to get cured of kidney disease or bilious complaint, without using Victoria Pills. They are as sure in their work as old Father Time is in his.

Give a good, honest day's work for democracy.

The boy who was kicked in the face by a mule wasn't near as handsome after the operation, but he knew a great deal more. It doesn't take long for persons to find out the value of Mischler's Herb Bitters after giving it a trial. Mrs. John A. Troye, of Lancaster, Pa., is one who cheerfully bears testimony to its worth. She writes: "I was afflicted with liver complaint and loss of appetite for eighteen years. Half a dozen bottles of Mischler's Herb Bitters worked a complete cure in my case."

Compare your tickets with the one at the head of this paper.

Disease is no respecter of persons nor of age. Katie Gill, of 817 West 12th street, Chicago, Ill., was stricken down with sciatic rheumatism. The pain was so intense and the contraction of the limbs so severe that twelve pounds of weight were attached to her ankle and worn night and day to counteract the shortening of the affected member. The parents of the unfortunate child were attracted by advertisement of Atholphors, and purchased a bottle. Two small doses were given to her and the child slept that night without pain for the first time in eight months. The use of the medicine was continued with the most beneficial results, and Katie will soon be entirely well.

Allen county needs a sheriff who will not allow his prisoners to leave the jail at pleasure.

In the Hop Plasters the virtues of fresh hops are combined with strengthening and stimulating balsams, and its cures of weak back, pain in the side, rheumatism, neuralgia or pain in the chest are simply marvelous, it being more efficacious and thorough than any liniment or liquid remedies. You'll say so after using.

**Card of Thanks.**  
The family of Mr. X. Zeru desire to extend their heartfelt thanks and sympathy to friends who so kindly assisted them during their late bereavement, and especially to the Benevolent society of St. Peter's Catholic church.

**What Say You, Doctor?**  
Some physicians are afraid to prescribe anything except what they direct the apothecary to compound. Yet frequently we find those who have found Brown's Iron Bitters such a valuable medicine that they are glad to prescribe it. Among these is Dr. B. F. Smith, of Hat Creek, Va., who says: "I have frequently prescribed Brown's Iron Bitters in my practice, and find it a most excellent preparation."

The indications for the lower lake region as reported by the weather bureau at Washington to THE SENTINEL are as follows: Slightly warmer, partly cloudy weather, followed by local, variable winds, generally south to east, and lower barometer.

**Figures won't lie.**  
The figures showing the enormous yearly sale of Kidney Wort, demonstrate its value as a medicine beyond dispute. It is a purely vegetable compound of certain roots, leaves and berries known to have special value in kidney troubles. Combined with these are remedies acting directly on the liver and bowels. It is because of this combined action that Kidney Wort has proved such an unequalled remedy in all diseases of these organs.

Yesterday was All Saints Day, but the festival was celebrated to-day in the Catholic churches.

**Letter From Senator M. C. Nelson.**  
Senate Chamber,  
ALBANY, N. Y., April 4, 1883.

On the 27th of February, 1883, I was taken with a violent pain in the region of the kidneys. I suffered such agony that I could hardly stand up. As soon as possible I applied two Aloock's Porous plasters, one over each kidney, and laid down. In an hour, to my surprise and delight, the pain had vanished and I was well. I wore the plasters for a day or two as a precaution, and then removed them. I have been using Aloock's Porous plasters in my family for the last ten years, and have always found them the quickest and best external remedy for colds, strains, kinks, and rheumatic affections. From my experience I believe they are the best plaster in the world.—Henry C. Nelson.

**ADVICE TO MOTHERS.**—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle, lead & wly.

The only complete and official election bulletins at the Academy to-morrow night.

## Danger from Catarrh Catarrh Can be Cured

That exceedingly disagreeable and very prevalent disease, catarrh, is caused by scrofulous taint in the blood. Hood's Sarsaparilla, by its powerful purifying and vitalizing action upon the blood, speedily removes the cause, and thus effects a radical and permanent cure of catarrh. Those who suffer from its varied symptoms—uncomfortable flow from the nose, offensive breath, itching and burning noises in the ears, swelling of the soft parts of the throat, nervous prostration, etc.—should take Hood's Sarsaparilla and be cured.

**The Best Medicine**  
"I have suffered with catarrh in my head for years, and paid out hundreds of dollars for medicines, but have heretofore received only temporary relief. I began to take Hood's Sarsaparilla and now my catarrh is nearly cured, the weakness of my body is all gone, my appetite is good—in fact, I feel like another person. Hood's Sarsaparilla is the best medicine I have ever taken." MRS. A. CORNINGHAM, Providence, R. I.
